

Online Stores and Web Site

- Turnkey website services
- Secure, real-time e-commerce transactions
- Complete in-house design and development
- Integrate with the current look and feel of client's branding
- Real-time access to product and availability
- Variety of logo options
- Quick turnaround on order fulfillment

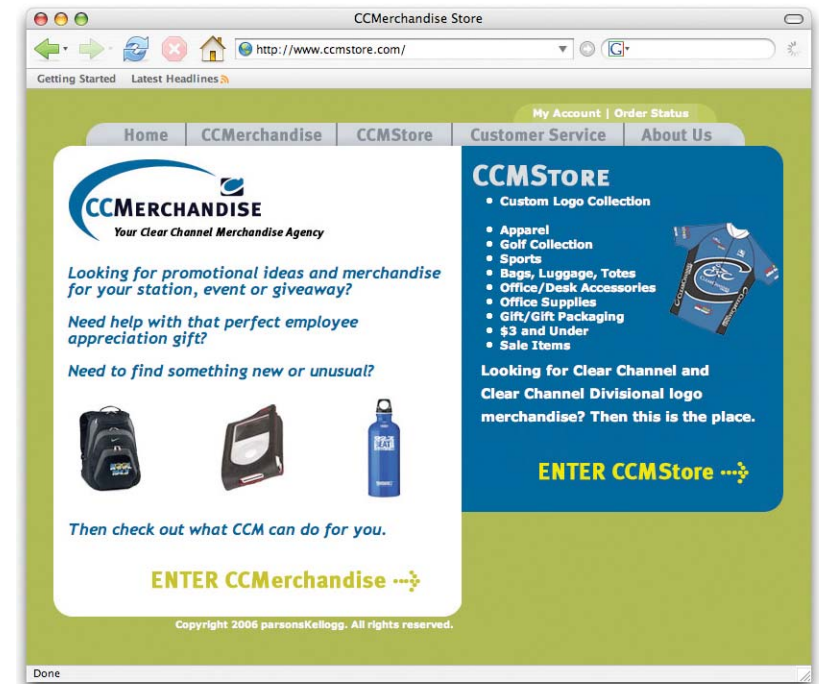

Online Stores/Sites Case Study

Challenge: Clear Channel

Develop a product resource website for access by individual radio stations, television stations, and event planners

Solution:

- Developed a multi-function website with sections to serve different user groups
- Included a complete mix of CC logoed items for employees
- Showcased our wide variety of products and services for event planners
- Provided a clear distinction between the two services while illustrating the similarities and possible synergies
